

Correspondence

Dear Student Council,

Following on from our AMAZING president's correspondence from the last student council regarding my resignation, I just wanted to shed some light on my reasons for leaving. Although my time here in TUDSU was short, it was sweet (cringe!). I have to say, I've met some of the most amazing people in the SU and they are people I don't intend to lose contact with (can't get rid of me!). Every single person involved in the SU, both from the executive to the staff members made my chaotic time here full of laughs. It was a decision I went back and forth on for ages, but I did get offered my dream position in my respective field so that was hard to pass up. I want to thank my Welfare and Equality gals for being my rocks during the stressful planning of campaigns. Also, my Tallaght Team James (aka Bread) and Lil Niamhy for making my time here so fun. I'd also like to thank the Education team, other deputies and our Events and Engagement LEGEND Iano, all of which I didn't get the pleasure of working closer with, you all still supported me so much. Also, to the staff for all being so positive to be around and easy to work with. Finally, BIG thank you to Brian you are a credit to the company and the best boss! You're all truly amazing and I'll see you all soon 😊.

From,

The former VP Welfare and Equality Tallaght
(best-looking officer)
Abbie Nulty
