**Hello student councillors. Welcome back to another meeting and thank you for taking the time to review the work reports for everyone! As before, if any questions or comments please do let me know. Looking forward to seeing you in person! I was off with COVID and annual leave over the past few weeks as an FYI.**

Class Rep Training Overnight – 8/9<sup>th</sup> November 22. This training was fantastic experience and a great way for all campuses to meet and get to know each other. We had special sessions with an external facilitator and an online meeting with key academic staff who gave a great Q+A session to the reps.

Class Rep Meetings – 14<sup>th</sup> November 22. Second meeting went well and some action points have come up about counselling and similar issues across many schools with relationships with lecturers. I will be working with the relevant reps offline for more specific issues.

Education Executive Recruitment – I was on the hiring panel to recruit an education executive. We successfully hired a person who started recently. This person is a great addition to the team and will help the education team perform to their best ability.

Student Forum 24 October 22 – I organised an all-student meeting for Blanch students to discuss the cost-of-living crisis and commuting issues to campus. As I had COVID, I asked the welfare officer to facilitate the meeting on my behalf. The meeting feedback was provided to me on 7 November. I had a conversation with estates and the canteen management based on some key points about the shuttle bus and canteen prices. Estates have a regular mystery shopper travel on the shuttle bus and meet with the bus company. They urge students to continue to provide detailed feedback, the most recent class rep meeting – the shuttle bus issue came up on the agenda. We will continue to work with university, but conversation will come to what action the Blanch students need us to take as a union soon.
