Key Points Since Last Meeting

Príomhphointí ón gcrúinniú deireanach

Rehersal Rooms for BIMM Students:

There are Media rooms in Aungier Street that are currently not being used. With Hazel, the Buildings-Manager from Aungier Street and BIMM staff we are requesting them to be made available as rehersal rooms for BIMM students.

Student Engagement Board:

Lecturers are currently creating a Student Engagement Action Plan and I gave some advice to get students engaged, particularely mentioning Transparency, Accessibility and Relevance, in a preparational meeting for the Student Engagement Board.

Green Campus Meeting:

The Green Campus Committe consists of lecturers and university staff who review environment related topics and work on projects surrounding climate projects in TU Dublin.

Green Week:

Traditionally the University organises Green Week, but the SU will play a supporting role and we are planning additional events as a movie screening and a Friday-protest.

Investigating Climate Policies in TU Dublin:

In meetings with Sierra from USI and the new head of sustainability Brian Gormley, I found out that irish universities were planning to divest from fossil fuels in 2016, and I am currently following up if this has taken place in the case of TU Dublin.

Furthermore I wrote articles on Finding Climate Resources and on Green Careers to engage students in Environmental topics.

Planning:

We passed a USI Motion on holding a national Climate Campaign. The campaign demands the government to make Irish Universities carbon neutral by 2030 instead of 2050, to support the Fossil Fuel Non Proliferation Treaty on an EU level, and to ask the government to set their policies in line with the 1.5 degree limit outlined in the Paris Agreement.
