Key Points of work warried out since last meeting

Príomhphointí ón gcruinniú deireanach

Accessibility:

I have been in contact with the Senior Mechanical & Electrical Services Manager and Disability Operations Manager to discuss the possibility of getting rid of the key access in the lifts, so they are open to all students.

Furniture:

I have met with the Disability Operations Manager about purchasing more furniture for the Common Room and in several areas around campus, I also talked to the Head of Estates to ensure the fitting of furniture and electrical requirements are available in those spaces. We now have new furniture around campus and new microwaves installed.

Transport:

I have contacted the NTA about the concerns of their Network Redesign plans for 2025 with concerns that students need immediate action to improve the transport to and from Blanchardstown Campus. We also met with Jack Chambers (FF) to outline concerns further and discuss issues with NTA.

Canteen:

I had a meeting with the regional and onsite managers of the canteen in Blanchardstown. I outlined concerns from students including prices, closing times, seating and extra costs of utensils and takeaway boxes
