Key Points of work carried out since last meeting

Príomhphointí ón gcruinniú deireanach

These are the activities and initiatives I have undertaken since the last Council meeting.

Culture Week Soc. Meeting:

Successfully organized and led a meeting with committee members from more than 20 societies to discuss Culture Week. During this session, key points regarding the Food Festival Event and Cultural Exhibitions were discussed. I informed the societies about the event plan and emphasized the importance of their active participation. Further meetings will be scheduled to monitor the progress of the societies.

World International Students Day:

Designed a poster for International Students Day, which falls on November 17th. This poster will be used for a social media campaign, and I am currently working on additional activities to be launched on the day itself, aimed at fostering a sense of community among international students.

Attended safeTALK Training:

Attended a comprehensive half-day safeTALK training program. This training equipped me with the necessary skills to recognize and engage with individuals who may be experiencing suicidal thoughts. I am now well-prepared to connect these individuals with appropriate suicide first aid resources, contributing to a safer campus environment.

Attended Council Training:

Attended the training open for all council members. This training focused on the functioning of the council along with the essential rules and guidelines.

Suicide Prevention Poster:

Worked at creating a poster aimed at raising awareness about suicide prevention. This poster contains key points and will be distributed across all campuses, serving as an important resource for our community.

Halloweek Event:

Worked at the Halloween event on Oct. 25th in Tallaght along with Sheran, assisted with preparing the food and organized the board games.

Attended National Council USI:

Attended the national council held in TU Dublin on Nov. 2nd. This event provided valuable insights, enabling me to stay updated on national developments.
