

Student Council Motion (purple) / Policy (blue)	Falling	Accountability	Progress color code	Explanation on work done and to be done (June 2023)	Student Council Update 1 (October 2023)	Student Council 2 Update (November 2023)	Student Council 3 Update (December 2023)	Student Council 4 Update (February 2024)
<p>Amendment to Schedule E of the New TU Dublin Constitution</p> <p>Student Council Notes: As set out in Schedule 6 of the new constitution, Part Time Officers will work on a voluntary basis. "Schedule E - Part 6: Roles and Responsibilities of Part Time Officers This is an elected representative role for which students act on a voluntary basis" While Student Council recognises the need for issue-specific, pan campus officer roles; to not provide monetary compensation for the labour provided by these officers may result in a lack of engagement and motivation.</p> <p>Student Council Also Notes with regret: We are currently experiencing a cost-of-living crisis, and many students may have to make decisions between paid work and providing valuable assistance to the full-time officers of the union, possibly resulting in an overall decline in quality of the work completed by the Students Union.</p> <p>Student Council therefore Mandates: That "Schedule E - Part 6: Roles and Responsibilities of Part Time Officers 1. This is an elected representative role for which students act on a voluntary basis" Be amended to: "Schedule E - Part 6: Roles and Responsibilities of Part Time Officers 1. This is an elected part-time position paid at an hourly rate"</p>	18/04/2025	Chair to seek legal advice		Student Council approved the motion in April 2023. Chair of Student Council is seeking legal advice and bring it to Student Council in first meeting of 2023-2024	In progress; feedback received from Union solicitor; suggested amendments acknowledged/made, awaiting further approval from Chair of Council + Solicitor (expected to be complete by Council 2)			
<p>Motion: East Quad Gates</p> <p>Student Council Notes: East Quad building on Grangegorman campus is equipped with entry barriers that are not in use. These barriers can be unlocked using TU Dublin Student Card and Staff Card. These barriers can also be opened by the Sodexo Porters in the case where someone without such a card may need to enter the building. The barriers are very rarely used, oftentimes the reception desk is left unattended allowing free access.</p> <p>In light of recent events in Dublin City Centre, many students feel unsafe attending classes on campus. There have also been two notable racially motivated attacks that have occurred on the LUAS stop adjacent to the building. Students assume that they will be safe from such violence when attending college; there is no safety mechanism in place to prevent such events occurring within the building.</p> <p>With anyone able to access the building there is very little preventing someone with ill intentions from entering the building. As well as this, students pay €25 to rent a locker for the year in the building, which is protected by a combination lock. With anyone able to access the areas in which these lockers are held, they are incredibly vulnerable. These lockers are not secure and therefore are unusable. The gates are fully functional, and are occasionally used. There is no functional issue with the gates. There are, in fact, gates that are used opposite the main set in the foyer.</p> <p>Student Council Mandates: The VP for City Campus to lobby the university to contact Sodexo and ask that they use the gates that are in place. The VP for City Campus should ensure that the university considers the safety of students and staff when</p>	12/12/2025	City Campus Vice President, The Executive
