Hello councillors! This is the last ever officer report for my term as VP Communications and Media, heart sore but so proud of the work achieved this year, and the engagement with you all has been A1! I urge every one of you to continue representing students as a student councillor. The university is currently in a state of change, with the retirement of the President of the university. We are concerned with falling student numbers, funding the SU and lack of purpose-built student accommodation and of course the cost-of-living crisis that still impacts so many students. We desperately need students to become more active and get out to protest the lack of care shown by this current government that TU Dublin students have NO confidence in. Continue to build the movement. Have our voices heard on a local level in council and on a national level within USI.

The past few weeks have been busy as always, supporting colleagues as they took time off to campaign in elections. Some of the bigger commitments involved:

Content creation for the RUN TUDSU and officer elections campaigns

SHAG

RAG Week

U Survey incl content creation

Governing Body

Student Media Crew Article generation

Student media outlet – Final proposal submission to council for approval
