

## College Officer Manifesto

**Name:** Kais Ali Hassan

**Student Number:** C15494212

**Course Name:** Mechanical Engineering

**Course Code:** DT006/2

**Position Contested:** Bolton Street College Officer

### Who am I?

I'm running for college officer of Bolton street because there are changes I want to happen and I know I'm the person who can achieve these changes. I'm a second year mechanical engineering student. Starting in first year, I found it difficult to become fully immersed in college life. I want to change first year interactions with the college as I regret not being involved myself. Since beginning this year, I have increased my involvement in the student union. This year I have been elected onto the student council and engineering societies committee, I am also a member of pointless amounts of societies as a way of getting girls.

### What am I offering as College Officer?

- I'm running for college officer because I want to increase student engagement throughout the campus. I want to do this by having more onsite events and having societies collaborate.
- I want better student lecturer communication. Students tend to fear communicating with lecturers due to the sheer class sizes and new environment they face. I want to highlight to students appropriate and good channels of communication between lecturers. Whether that being through me when I am elected, through class reps or through school reps.
- I want to continue the work Ali and Sope have put into improving facilities. I want to be elected onto house committee and this way I can get into talks with building staff about returning the ping-pong tables .
- I hope to achieve **100% Class Rep recruitment**.
- I want to influence first years to join societies outside of their comfort zone as it helped me boost my confidence. I want to do this by providing more information on how to start societies as well as developing more Bolton Street societies .
- Due to the social issues that took place this year I want to create a more welcoming environment for staff and students. I can do this by being the person students come to with their issues.
- I want to increase visibility of the issues part-timers face and make sure they have the same access to facilities as all full time students have. I aim to do this by increasing library opening hours in evenings and weekends, have more onsite events in the evenings to engage part timers.
- I want to improve female engagement with events in Bolton Street. I want to do so by having more female centric events, such as doing guys makeup for the shits and giggles. There needs to be less of a division between male and female on campus.

## **So... Why vote for me?**

Vote for me because I love this campus but that does not make me blind to the issues at hand.

Vote for me because I will let your voice be heard.

Vote for me because I've got the best ass on campus.

Vote for me because I will make your college experience the best it can possibly be.

Vote for me... Make Bolton Street LIT again!!!
